Don't forget to let us know your favorite Christmas Eve memories from the last **ten years** on our social media pages. You just might get featured by our social media team: [Instagram](#), [Facebook](#), and [Twitter](#)!

Using our website will give **YOU** the advantage this tracking season! All in one window, you will be able to watch our stream, chat with our very enthusiastic and quite experienced hosts and trackers, and track for yourself with a map courtesy of our friends over at [NORAD Tracks Santa](#). Without their tracking technology, none of this would be possible and we thank them for allowing us to continue sharing their data with you no matter where you live on the globe. We can tell you when Santa will be arriving to your home and let you know when it's time to go to bed.

Team Holiday Drink Counter

Check out our **Team YANTSU Holiday Drink Counter** all day long on the main stream page of our website as we down hot chocolate, eat our cookies and milk, and chug that egg nog. It's the most wonderful time of the year, and as you know, trackers like us enjoy keeping up with our stats on EVERYTHING! How many drinks do you think we will drink on Christmas Eve? Let us know your predictions in the live stream chat all day long with our team.

"It's been a great year for many and I can't believe that our 10th Annual TrackingSanta LIVE Show is in touching distance! From a revamped website to brand new content coming to the stream never has the team been in a better position than now. For 10 years now YANTSU has been making their annual show, each year without fail. We would not have got this far without our loyal fans and members who turn up year in year out. I hope

you all enjoy what you have in store for you guys – have a wonderful Christmas!" –

Liam Warden, Board of Directors Member
